Dear [redacted]

The following information is forwarded in order to assist you in making arrangements for travel to your husband's overseas station. It is requested that you apply for a passport as the first step in your preparation for travel.

25X1A

Enclosed is DD Form 1056 with passport application blank to be used in applying for your passport. The attached instructions are self-explanatory. After applying for your passport, please advise [redacted] date and place of your application by calling (collect) [redacted] in Washington, D. C.

25X1A

The inoculations required for you are smallpox, tetanus, typhoid, typhus, cholera and polio. All inoculations with the exception of polio must be given within six months of date of departure. The cost of all inoculations will be reimbursed by the Government.

Also attached is a "Report of Medical History" form which our office wishes filled out. The form does NOT require a physician's statement unless paragraph three of the instructions attached to the form is applicable. Please return this form to the undersigned as soon as possible.

Enclosed is a Post Report of your husband's overseas station which may be of assistance to you in deciding what household effects to ship. More information on the shipping and storing of your effects will be given you later.

If you have any questions regarding application of passport or any other matter, please do not hesitate to call (collect) [redacted] and ask for [redacted]

25X1A

Sincerely,

25X1A

[redacted]
Transportation Officer
